Tuesday 12th December 2017

Dear Parents and Carers,

Monday 18th December is STEM day at Parkhill Junior School! This is to continue our focus on science, technology, engineering and maths in our learning.

For this exciting day, the children will be designing and making a bridge that can hold a given weight. There will be a competition at the end of the day to identify the most effective model bridge.

Please collect materials that your child can use to help them build this, such as: kitchen roll tubes, lollipop sticks and cereal boxes. Please do not send in any thick cardboard boxes, as children will be unable to cut them. All resources should be sent into school on the day of the event (18.12.17).

Have a look at some examples below to help get your ideas flowing!

Enjoy Learning,

Miss Chowdhury, Mr Ashraf, Mr Bawtree and Miss Sprenger
STEM Team
