

Year 3 (Année 3)

### **Les émotions** (emotions)

Je suis = I am

Tu es = You are

As we have seen before, words in french have a gender and are either feminine or masculine. It's the same for adjectives. So the boys will say:

Content = happy

Triste = sad

Inquiet = worried

And the girls:

Contente = happy

Triste = sad

Inquiète\* = worried

\*Please note that in the video I forgot to put the accent on that word. It only has an accent when used in the feminine form.

Es-tu triste?

Non.

Es-tu inquiète?

Non.

Es-tu contente?

Oui, je suis contente.
