

## To my dear 3H

I do miss you all very much. You all made such a great start to Parkhill Junior. It was an exciting and sometimes anxious time for you, but because you all showed such great care and support for one another, you all increased in confidence and independence to become an even more successful team. Well done to you, 3H! Remember the superhero pictures we did for our class charter? Well, you really are all superheroes as you cope with this unexpected situation.

I am smiling at the thought of your bright, cheerful faces which always beamed up to me with so many questions to ask and answer. I do hope that you are working autonomously at home. You developed this skill well in school and now you are showing great responsibility by selecting your own activities, to continue your learning. Well done again! And, of course, remember to continue with Rock Stars Timestables – we still have battles to win. Are you trying out the Jo Wicks exercises? I find it challenging, but I keep on going – very breathless and sipping lots of water in the breaks!

I know that you are doing your best to continue with your learning at home and I also understand that this can sometimes be difficult, especially because you were always there to support one another in class. So, when you are finding things tricky, just imagine you are back in class with everyone around you ... and just like 'Dory' said... just keep swimming... just keep trying... just keep smiling! And very importantly, do make plenty of time to read and relax, play and enjoy time with your family.

I am so very proud of you 3H. Not only did you show kindness and consideration towards one another, you were great representatives of Parkhill Junior both at the British Museum and at the Synagogue, being polite and respectful to other visitors of the museum and the hosts at the synagogue. As I look around at the fabulous work you have all produced and displayed in our class, I continue to be proud of you. I am a very lucky teacher to have such pupils who make my job as a teacher, so enjoyable. You all shared interesting and fantastic ideas, created brilliant works of art, wrote super stories as you enjoyed learning and growing together.

I would like you to reflect and look back at all of your amazing achievements in 3H and remember that you are amazing and can continue to be amazing and keep on learning whilst at home. As I think of the time when I will see you all again, it is a truly happy and exciting thought that keeps my spirits high. So continue to think of your classmates to keep your spirits high also.

So, again, 3H, well done to you for trying your best each day. I want you to enjoy the summer term, keep practising your times tables and continue to be kind and considerate to your family.

I am really looking forward to seeing and hearing about your home learning when you return to school. My very best wishes to you and your family.

Enjoy Learning!

Ms Habib
