

Dear 4S

Hope you all are well and are enjoying learning at home.

Where do I begin. I started my first year of teaching feeling a little bit nervous and not knowing what to expect. I remember the first day I met you all. I walked into your old classroom (30) and saw all of your bright smiling faces. I felt calm and at ease straight away. After registration, we did the Shield activity and then we moved on, to enjoy a question and answer session where I learnt about you all. I knew straight away we were going to have a fantastic time together in Year 4.

You have all blossomed and have grown up to be amazing individuals. You all have worked incredibly hard and have progressed in so many different ways. I am so proud of you all!

I also want to say thank you to each and every one of you. Thank you for helping me become the teacher that I am. You all have helped me become more patient, confident and compassionate. I would not be where I am, without your help.

We will all reflect on this time and think about how we have had to adjust to a 'new normal'. We will grow from this experience and become more grateful for what we have. Make sure you all keep working hard, be positive and cherish the memories you have made so far. Remember, hard times teach us the most valuable lessons.

Until next time, carry on working hard, being resilient and more importantly being you!

I miss you all very much and I look forward to seeing you all soon.

Enjoy Learning and Stay Safe.

Miss Sondh
