

Study the picture for a few minutes, then answer the questions on the next slide.

LI: I can make predictions about a picture

Who are the team that are building the Lego structure?

Why do you think these particular builders were chosen?

What is it you think they are building?

How long do you think it will take them to finish? Why?

What obstacles/challenges might the builders face?

Which of the builders do you think is in charge? Why?

Where are their parents?
