

12th January 2021

Dear Parents and Carers

Now in our second week of 2021 remote learning, it is an opportune time to update you, on our forward planning. Just in case.

Below, is the plan for the weeks leading up to February half term, *should we still be in lockdown.*

The duration of teaching sessions has been reviewed, to allow for the teaching of all subject areas and the better use of time. The amount of actual live teaching time remains the same. The school day will still begin and end at the same time as before. However, we are offering more flexibility at the end of the day, during the PE/exercise session. Children can either follow-up on the teacher's five minute introduction to PE or use the time to exercise with their family. **Please note, lunchtime is scheduled to last forty five minutes and not one hour. In our virtual learning world, this is smarter use of time.**

As indicated, the teaching and learning timetable is under regular review. You will be advised of any significant changes. Homework will be weekly spellings and reading daily.

You will also see that we are forging ahead with our themed days and weeks.

Children's engagement in online learning, through Google Classroom, has been impressive. Thank you for all your help and support with this.

Enjoy Learning and keep yourself and your family safe.
